

CHURCHMEN TURN TO 'ACTIVITIES'

Episcopalians Take Stock of Missions—Delegates to See President.

The presiding bishop and Council of the Episcopal Church in the United States today "took stock" of the various activities of the church at its session at the National Cathedral School for Girls. Bishop Gailor presided.

The session opened with a detailed discussion of the Department of Missions, when Dr. John Wood of New York made a report. The mission in Alaska, Japan and in fact everywhere the church has been discussed in detail. It was explained that it is the purpose of the presiding bishop and council to learn the weak spots in each and immediately take steps to build them up.

Education Report.

A detailed report of the religious education department also was made, the work of the Episcopal colleges in this and other countries, being discussed at length.

The session adjourned at noon in order that the members could go to the White House, where they were to have a luncheon with the president.

Harding received them at 1 o'clock. At the afternoon session the other activities of the church were discussed. An effort is being made to bring the session to a close this evening. There is considerable business before the council, however, and it is not believed the session will be closed before tomorrow.

Invited to Move Here.

An invitation was presented to the council at the session yesterday afternoon by Bishop Harding, in behalf of the officials of the Episcopal Church here, to remove the headquarters from New York City.

There was a short discussion of the matter at the session. Bishop Gailor, the presiding officer, thereupon appointed a committee to take it up with the various Episcopal churches throughout the country and to report at the session next October.

This committee is composed of H. C. Wyckoff of California, chairman; Lewis B. Franklin of New York; Burton Mansfield of Connecticut; Samuel Fisher of Ohio; and J. H. Pershing of Colorado.

In connection with the discussion yesterday afternoon of the coming celebration of the centenary of the Domestic and Foreign Missionary Society, it was pointed out that the commission on preaching, but that the more definite purpose is to be the elevation of the church throughout the country.

In the course of the discussion of this subject Bishop Irving P. Johnson of Colorado announced he would volunteer to turn over his position as president of the society to the work of training and preaching in missionary work.

Two Negroes Shoot Into Crowd at Brandy Station, Va.

Special Dispatch to The Star.

LULLEPPER, Va., July 14.—Lannie Lucas, colored, was killed and Keith Abbott, a young white man, was seriously wounded at Brandy station, six miles from here, last night when Ed and Dave Thompson, colored, armed with revolvers, began "shooting up" a crowd gathered in front of Gooch's store.

Abbott had been taken to the University of Virginia Hospital at Charlottesville and a posse, headed by Sheriff Nash, has been searching the territory around Brandy station all night and today in an effort to locate the Thompson brothers, who escaped after the shooting.

Lucas is said to have quarreled with the Thompsons, who jumped on him and beat him up. He went to the justice of the peace to swear out a warrant for their arrest, but was told to wait until today. On his return to the store, the Thompson brothers, it is alleged, began shooting into the crowd. Abbott was walking along the road nearby when he received his wound. Several others in the crowd were slightly wounded and a horse was killed.

ATTEMPT TO WRECK TRAIN WITH \$1,000,000 CARGO

Fifteen Spikes Pulled From Ties, Fourteen Cars Jump Track in Ohio.

CLEVELAND, Ohio, July 14.—An attempt to wreck an American Railway Express Company train of fourteen cars, carrying a cargo valued at nearly a million dollars, was pulled off today, according to officials of the New York Central railroad.

It was discovered that more than fifteen spikes had been pulled and plates removed from the rails.

Railroad detectives report that the company tool house near Willoughby was broken into and tools removed with which the spikes were pulled. The train jumped the track and plowed along for 200 feet before it was stopped. No cars were overturned.

YOUTHFUL COUPLE ELOPE, TRAVELING IN OLD BUGGY

Go Over 300 Miles With Deceitful Horse Before Caught by Police.

MEMPHIS, Tenn., July 14.—After traveling over 300 miles in an old buggy, drawn by a deceitful horse, the elopement of Lucy Lavine, Butler fourteen, and William J. Rasdale, twenty-one, both of Lamar, Mo., was brought to a sudden end by the arrest of the couple as they were driving into the suburbs of Memphis. The girl's little brother Emanuel, who they say insisted on accompanying them, was also held by the police. Rasdale was arrested on a charge of abduction and the Butler girl and boy will be returned to their home.

Rasdale, so the little girl told the police, had promised her to buy a farm near Memphis after they had been married, and to send for her mother to come to them. So the pair set out with the Butler's old family horse and buggy. Their money and the groceries they had started with soon gave out, and since then the three have been sleeping by the roadside, and were almost starved when picked up by the police here.

The popular notion of the Chinese with regard to an eclipse is that some monster is attacking, and unless prevented, will devour the sun or moon as the case may be.

MILK AND ICE FUND COLLECTOR IS HELD

Man Arrested Tells Police He Was in Employ of Another in "Drive."

Nelson T. Shaw, twenty of age, 120 West Lantvale street, Baltimore, Md., visiting here, was arrested this morning when he appeared at Becker's leather goods store, 1324 F street, to make a collection for an ice-and-milk fund, the fund which, it is charged, had been fraudulently represented as being raised with the approval of The Evening Star.

Mr. Becker had willingly offered a \$10 subscription, but when he learned the affair had not received the sanction of The Evening Star he concluded not to pay the money. Detective Darnall went to the store at Mr. Becker's summons today, while Shaw was there to make the collection, and placed him under arrest.

Shaw declared he thought the collection was properly authorized. He was in the employ of another young man, he explained, and was paid \$5 a day for his services. He told the police he collected approximately \$50 yesterday and had collected \$25 today before Detective Darnall arrested him.

Asked to Serve on Committee.

It developed that several business men were among the contributors. In almost every instance, the police reported, the young man who solicited the funds asked the prospective contributor to serve on a committee of 100 men to supervise the collection and distribution of the money.

William Conrad, 1013 12th street, was one of the several persons who contributed \$10 yesterday. Early this morning he reported the police that he had requested him to lend his name as a member of the committee.

J. Lee Dean, treasurer, were given the contributors, Shaw's name being signed to the list. Shaw was known to the police. The address of the treasurer was given in the receipts as 921 N. such number on that street.

The receipt reads: "I wish to express my appreciation for your gen-

AMBASSADOR HERRICK WELCOMED BY FRANCE

Banquet Tendered at City Hall in Havre, After Greetings on Ship by Government Officials.

By the Associated Press.

HAVRE, July 14.—Myron T. Herrick, the new American ambassador, arrived here today on board the liner France. He was greeted by a committee of French government officials, who boarded the steamer. On disembarking, Mr. Herrick was received by Alexander M. Thackara, United States consul general in Paris, and other Americans.

Mr. Herrick was escorted about the city and was welcomed by a group of war orphans, after which he went to the city hall, where he was received by Premier Briand, the American embassy staff and others.

WOULD CATCH AUTOISTS USING FOREIGN TAGS

Capt. Oyster Considers Plan to Ask Defense League to Trace Law Violators.

A proposal to enlist the aid of the Home Defense League in tracing motorists who operate in the District throughout the year on foreign motor tags is being considered today by Commissioner Oyster.

The Commissioner probably will lay his suggestion before his colleagues at the next meeting of the board of Commissioners.

It is not Capt. Oyster's idea that members of the Defense League should exercise the power of arrest. He believes, however, they could greatly assist the police in stopping this evasion of the law by questioning motorists who are operating on state tags to find out whether they are bona fide tourists or Washingtonians violating the law.

The Washington motorists are tempted to obtain Virginia or Pennsylvania tags instead of a District tag, because those number plates are not recognized in the latter state.

The District allows a tourist to remain in Washington on his home tag for as many days as his state permits a District motorist. The new traffic regulations require, however, that in taking advantage of this lay-over privilege the tourist must register at the traffic bureau in the District building if he remains here more than three days.

Lost Papers Clerk Gets Permanent Job Through President

Miss Catherine M. Caesar, temporarily employed as a clerk in the division of loans and currency, Treasury Department, since April 25, 1918, has been permanently appointed to her present position by the presidential authority of the President. The appointment was made on condition that she be a native-born American citizen, and also because, although having made earnest study and effort to do so, she has not yet been able to qualify through examination.

The order, which was approved by the Civil Service Commission, was issued because of Miss Caesar's exceptional ability readily to locate lost papers in a more or less complicated system of filing, as demonstrated during her many months of temporary service, and also because, although having made earnest study and effort to do so, she has not yet been able to qualify through examination.

Lost Papers Clerk Gets Permanent Job Through President

Miss Catherine M. Caesar, temporarily employed as a clerk in the division of loans and currency, Treasury Department, since April 25, 1918, has been permanently appointed to her present position by the presidential authority of the President. The appointment was made on condition that she be a native-born American citizen, and also because, although having made earnest study and effort to do so, she has not yet been able to qualify through examination.

The order, which was approved by the Civil Service Commission, was issued because of Miss Caesar's exceptional ability readily to locate lost papers in a more or less complicated system of filing, as demonstrated during her many months of temporary service, and also because, although having made earnest study and effort to do so, she has not yet been able to qualify through examination.

ANDERSON TO RUN FOR GOVERNOR

Republican Supporters Say He Will Be Virginia Convention's Nominee.

By the Associated Press.

NORFOLK, Va., July 14.—Henry W. Anderson of Richmond, will be the republican candidate for governor of Virginia, party leaders positively announced this morning before the opening of the state convention. O. F. Summers of Abingdon on the first ballot, they say, but it appears that the nomination will
